August E-News from Milwaukee SPE

July SPE Milwaukee Golf Outing Highlights: 35 plus years and still going strong!

What a great turnout as 230 people attended golf and dinner! It was a great day of sunshine, golfing, networking, and food & drink. Many prizes were given out and this would not be possible without the support of our sponsors and donors. Also, the Education Foundation sponsored a par 3 contest and raised a total of \$1000. This money goes directly into the Foundation and is used to dole out scholarships and/or equipment for high school labs. Kudos to Kevin Rottinghaus of [Beaumont Technologies](#) and Diana Kambouris of [Wisconsin Engraving](#) for working the contest.

Also, a special thank you to Pete and Diana Kambouris for the tremendous work in planning and coordinating this fine event!

The Milwaukee SPE Golf Outing continues to be one of the largest in the country. The reason is because of the strong support from the plastics community here in Wisconsin and the SPE Milwaukee Board who is dedicated to providing the best for their members and guests.

Upcoming Meetings and Events

SAVE THE DATE!!

SPE Milwaukee will be teaming up with SPE Chicago to co-host a tour of Allied Plastics on October 16th

Allied Plastics is a full-service, custom plastic thermoformer specializing in medium to heavy gauge quality thermoplastic parts with quick turnarounds. Their Vacuum Forming, Twin Sheet Forming, and Pressure Forming capabilities are supported by in-house sheet extrusion, design, and tool building. Come see how their **ALL-IN team** uses state-of-the-art equipment to offer the most precise and efficient outcomes for

all three methods. Allied Plastics offers a wide variety of material options, colors, textures, and finishes for a wide variety of industries.

Please join us for the October 16, 2018 Milwaukee SPE meeting at Allied Plastics, Inc.'s manufacturing facility at 150 Holy Hill Road, Twin Lakes, Wisconsin 53181. Dinner will be served, followed by presentations and a tour of their facility.
